

Biography of Sergeant Carla Carter

Since she was hired at the Thurston County Sheriff's Office 15 years ago, Sergeant Carla Carter has worked tirelessly on behalf of the most vulnerable in our community, including survivors of domestic abuse and sexual assault. Sgt. Carter is currently the Public Information Officer and in addition to this role, she leads the Sex Offender Registration Team and one of the Crisis Negotiation Teams. Her passion for our community and individuals severely impacted by violent crimes is apparent in every organization that interacts with her. Sgt. Carter frequently engages in community meetings, task forces and collaboration teams focused on best practices and coordinated responses throughout our county, often times being the only law enforcement representative at the table. In addition to the great partnerships she has built, she also invests time every year to our community's kids by attending Camp Hope and supporting the next generation. Furthermore, outside of the on-duty tasks that Sgt. Carla excels at, she serves on the board of directors for SafePlace, volunteers at the Olympia Community School, Level Road Runners and has previously volunteered with Big Brothers Big Sisters.
